- Solve out the challenges of offline lotto games, and provide the best convenience for users

CSC JACKPOT COMES TO THE PUBLIC

CSC JACKPOT COMES TO THE PUBLIC with the goal of delivering players a new, fair, transparent lottery ground.

15th July 2018– CSC Jackpot is launching and come out with customers. CSC JACKPOT is a product of CSC – Car Sharing Community’s ecosystem. It is the world-wide fair and transparent game platform based on the blockchain technology and winners will be rewarded by Bitcoin.

With the goal of creating a new Crypto playground, fun for the whole world with, CSC Jackpot has been designed in the form of an improved Powerball 6/39. Further, the CSC Jackpot is designed to be based on Blockchain technology to deliver clear, clear results to players. For players, after registering for the first time and verifying the account, you will receive 1 free ticket. And when you invite another player, you will also receive one additional free ticket from the system. In addition to playing the game, you can also earn money from CSC Jackpot by becoming our agency.

This agency program is linked with Mycarcoin project ,and it is noticed that it is continuing to expand the agency program across the world.

In early August, CSC Jackpot will be officially come out with the warmest greetings for players. However, since mid-July, consumers are able to play demo games. No need to deposit money, the system gives you a sum of money to play. And all the information, prizes, and play-in during this demo will be erased completely and permanently. Any registered account will also be deleted. And when CSC Jackpot comes out with the official version, all your information registers completely new to the system and company.

Important milestones:

15th July -31st Jul 2018: Play demo with demo link

01st Aug 2018: CSC Jackpot appears officially.
